

I MIGLIORI (10) ANNI DELLA NOSTRA VITA

ALFIO QUARTERONI

ABSTRACT. The office was miserable, hot in summer and cold in winter, with a variable sealing ceiling. The company, however, was excellent, and the small window overlooking the three towers of Pavia allowed us to dream without distracting us from what we were most passionate about at that time: spectral methods. Then, our professional lives diverged. Friendship, on the other hand, has stood the test of time, unchangeable.
